

RightFind[®] XML for Mining

Improve your text mining results with full-text XML articles

RightFind[®] XML for Mining from Copyright Clearance Center (CCC) takes your text mining projects beyond abstracts to give you direct access to full-text scientific, technical, and medical content in XML format. Now you can identify and download full-text article collections from multiple publishers through a single source and import those results into the text mining software you prefer. You'll save valuable time otherwise spent acquiring, licensing and converting articles from individual publishers. XML for Mining gives you more accurate and richer results enabling you to make discoveries that can only be found in the full text.

**BUILD A COLLECTION OF
FULL-TEXT ARTICLES IN
XML FORMAT FOR MINING**

Identify full-text articles.

Download full-text,
XML versions of articles.

Import into your preferred
text mining software.

FEATURES AND BENEFITS

Improve the results of your text mining efforts with full-text XML articles.

Go beyond the abstract level to search, download and mine full-text articles in XML format from both company subscriptions as well as unsubscribed published material.

Build the most comprehensive collection of full-text articles in XML format for mining.

Get the most comprehensive coverage of full-text article content and text mining rights available on the market today.

Simplify copyright compliance.

Gain the peace-of-mind that your text mining projects comply with copyright, minimizing your organization's infringement risk.

Reduce manual processes and save time and money.

Minimize the time and costs associated with article conversions, content management, and negotiations with publishers.

Copyright Clearance Center (CCC) is a global leader in content management, licensing, discovery and delivery solutions. Through its relationships with those who use and create content, CCC drives market-based solutions that fuel research, power publishing and respect copyright. With its subsidiaries RightsDirect and Ixxus, CCC provides solutions for millions of people from the world's largest companies and academic institutions.
